

Guarantee

That the materials used to produce label products have been tested for performance through:
Laser Printers (Mono - Colour) Photo-copiers (Mono - Colour) Ink-Jet Printers (Mono - Colour)
Ensure you choose the right product and test a sheet.

Printer manufacturers are always introducing new models, to ensure you have the correct material ask for advice from your supplier and always test some sheets. This Guarantee is provided for a large range of the most popular printers, but cannot be given to all makes and all Printer manufacturers. You must always read the Printer Manual for advice on using self adhesive labels.

Our Tests have been carried out on machines Produced by:

apple brother Canon EPSON HEWLETT
MINOLTA NEC océ OKI Panasonic PACKARD LEXMARK
SAMSUNG SEIKOSHA SHARP Tally QMS RICOH
TOSHIBA XEROX

!All trademarks are acknowledged

Label templates are available in the following software packages:

- Microsoft Word for Windows 95, 98 and 2000
- Microsoft Word for Windows 2.0, 6.0 and 97
- Symantec Q&A 4.0 for DOS
- WordPerfect 5.1, 5.1+, 6.0 and 6.1 for DOS
- WordPerfect Suite 7.0 and 8.0 for Windows
- Microsoft Word for Macintosh 5.0, 5.1 and 6.01
- Symantec Q&A 4.0 for Windows
- Wordperfect 5.1, 5.2 and 6.0 for Windows
- Avery Label Pro
- Labels Unlimited

Additional software publishers utilize label formats that accept these standard size labels.
Please contact the appropriate software publisher for information about their software.

**Some products are produced using materials sourced from
Avery Dennison Materials Division UK Ltd**

Our labels have been extensively tested and we believe they will give you excellent compatibility with the ***Avery Ref. Numbers/formats** ie. the L & J codes (***L7161**).

If you are not 100% satisfied, return the goods to the supplier who will give you a full refund.

Your statutory rights are not affected.

***AVERY** and the ***AVERY PRODUCT CODES** i.e. (eg ***L7167**) are trademarks of the **AVERY DENNISON CORPORATION**.

THIS PRODUCT IS NOT MADE OR ENDORSED BY THE AVERY DENNISON CORPORATION.

We use the ***AVERY** Product Codes i.e., (***L7163**) because these codes refer to size formats that are found within most common software packages. We have listed the ***Avery** codes together with our own **EURO LABEL** codes to provide you with an easy reference to their template and our **EURO LABEL** compatible Format / Size.

All trademarks are acknowledged.
